

Technical Rider – FELICE SOUND ORCHESTRA

All instruments and technical stuff have to be provided by the organizer.

Drums: Jazz Set with 1 bass drum, 1 snare, 2 toms
Hihat, 1 crash cymbal, 2 ride cymbals

Percussion: 3 congas, 1 cowbell mounted on a (bass) drum pedal

Upright Bass: 103 – 107 cm d mensur (40,5" - 42,1" d mensur)

Piano: *A grand piano is welcome.*

PA +

Monitoring: The PA has to be adequate for the room. All monitoring channels have to be mixed separately! A (if needed) *briefed technician has to be at the stage during the soundcheck and the stage time.*

Important:

We need a separate and lockable backstage room. Also the organizer has to provide enough water in bottles and towels for the whole band.

Thank you very much for your support!
